COACHING ADD-ONS

TORCH
LANE TARGETING LIGHT

HOURS

MONDAY-FRIDAY
4:00 PM - 8:00 PM

SATURDAY
OPEN DURING JUNIOR
BOWLING LEAGUE

OR BY APPOINTMENT

BOARD BOXES

- Displays the board a bowling ball travels across instantly
- Placed at arrows and breakpoint for maximum target practice
- Rental - \$10 per session

One of the most difficult things for a bowler to do is visualize the ball path from the foul line to the breakpoint. From entry level bowlers to the most advanced, the Torch allows bowlers to see the initial path of the bowling ball like no other product before.

- Helps define a bowlers starting point
- Helps bowlers to see the laydown point
- Helps keep the swing path in-line with the target path
- Helps keep the head stable throughout the approach
- Shows how the target changes if a bowler drifts left or right
- Rental - \$10 per session

BALL MAINTENANCE

DETOX

Patent Pending

UltraSonic Ball Cleaner

UltraSonic Cleaning is the worldwide standard for cleaning many types of objects, including jewelry, surgical instruments, motor parts, golf clubs, and plastics. Now Jayhawk is proud to introduce this technology to Bowling Balls. The Detox is the next generation of bowling ball de-oiling and cleaning. It uses ultra-sonic technology to penetrate the cover for the ultimate de-oiling process.

- Full Detox \$20 per bowling ball
- \$1 per minute, per bowling ball

Revivor

Our Revivor Oil Extraction Device removes absorbed lane oil by applying digitally controlled heat in an even and consistent pattern. As the warm air is circulated throughout the chamber the ball(s) continually roll over sorbent pads, removing any oil as it is brought to the ball's surface. Our process is effective enough to bring a ball very close to "out-of-the-box" condition, doing so in less than one hour.

- \$10 per bowling ball
